

Newsletter - What's Happening in Winslow

March 2021

Be on the lookout

for the Town Survey to be included with your April water bill. **Please**, fill out the questionnaire and return it to us. Your feedback is important to us and your answers are necessary to determine which areas we need to address.

Town Council Meetings

Even though the rate of Covid 19 cases in Pike County is declining, the Town Council meetings scheduled for Monday, March 8th, and Monday March 22nd, will still not be open to the public. Citizens may participate by phone by calling 1-415-655-0001. The meeting ID is 126 947 8651. If asked for another number, just press the # key. The meeting will be open for dialing in at 5:50 pm and will start at 6:00. Please join us by dialing in.

You can still tell us about your concerns or issues through our website @ townofwinslowin.com where you can Submit a Comment/Complaint online. If you prefer to remain anonymous, go to Printable Forms and print out a form to fill out and drop off.

Your voice matters!

Spring is here

and now that the snow is gone you may find your yard littered with tree branches and limbs. We want to remind you the Town has a Limb Pickup Policy. If you get your limbs to the curbside on the Monday of the week that contains the 15th, the Town workers will pick them up some time that week. For more details go to townofwinslowin.com. Then go to Town Government where you will find Limb Pickup Policy guidelines.

Pump down the jam!

As the days become warmer and we open our doors and windows and spend more time outdoors, please be mindful that the music you may be enjoying may be disturbing your neighbors. Studies have shown excessive noise levels can trigger the release of stress hormones, leading to increased blood pressure. This in turn can lead to an increased risk of a heart attack or stroke. Unwanted sources of noise affects a person's ability to relax or sleep which can affect concentration and performance, particularly in children. Experts say that prolonged exposure to as few as 85 dB of noise can lead to hearing loss. So how loud is that? A whisper is about 30 dB, normal conversation is about 60 dB, and a motorcycle engine is about 95 dB.

So please, turn down the volume, don't rev up your engine, and get that muffler fixed. Your ears, and ours, will thank you for it.

The Winslow Park and Recreation Board

meets every 1st and 3rd Wednesday at 7:00 pm at the Winslow Community Center. These meetings are open to the public. If you have a suggestion to make or a concern you would like to be addressed, please come to the meeting so you can be heard.

Cancelled

The **Easter Egg Hunt** sponsored by the House of Mercy church and the **Memorial Day Parade** sponsored by the Winslow Lions Club have both been cancelled due to public safety concerns.

The great hope of society is individual character.

- William Ellery Channing

Our Covid numbers seem to be going in the right direction but let's remain vigilant. Get your vaccination when it becomes available to you, continue to practice social distancing, and

Mask up, Hoosiers
